* 2007 and 2006 data are provisional and cause of death data field is incomplete in 2006 (mostly void in 2007).

** In 1999, classification of diseases was changed to the ICD-10 system from the ICD-9 system. Because of differences in the revised classifications, caution must be used in the comparability of mortality from 1999 to earlier years in many of the disease categories.
